Bronze Fighting Bull Elk Chandelier (small)

The smaller bronze fighting bull elk chandelier was designed to instill the same qualities of our larger fixtures into smaller type rooms. All the same detail qualities are present, and the bronze elk and trees stand majestically on this one tiered chandelier. Using four branches to tie the ring to the mounting hook, this fixture can be placed in a variety of areas within your project.

Options include frosted glass or mica inserts, and our pine, aspen or oak detailing. Blend nature and beauty with Naytura's unique blend of iron and bronze to enhance your interior design.
