Bronze Fighting Bull Elk Chandelier with Alabaster

The addition of an alabaster bowl to the Bronze Fighting Bull Elk Chandelier, creates a sense of beauty along with a romantic warm light. Only the finest Spanish alabaster is used in our fixtures. The use of mica with our alabaster fixtures is a very popular choice, as the two natural elements compliment each other perfectly.

Available in three standard sizes, this chandelier uses a 24" alabaster bowl to add to its dramatic effect. Four branch arms connect the first and second tiers. Several options enhance the versatility of this illuminated sculpture to integrate into any setting with stunning results.
