Bronze Trophy Deer Sconce - Oak

Blending natural elements with our bronze trophy deer, this sconce is painstakingly detailed by our talented artists. Hand forged and aged, this rustic sconce is the perfect compliment to Naytura's elk chandeliers. Available as either an up or down light, this fixture can be installed in a variety of settings.

Available detailing options include pine, aspen or oak in order to match the natural surroundings of your building project. The hand detailed leaves and branches flatter its natural counterpart, and will provide decades of enjoyment. Optionally available with a variety of shades styles, our most popular is the raw hide shade with candelabra bulbs.
