Bronze Cast Sconce with Textured Arm- Pine

This Sconce uses the same bronze cast as Naytura's other pine sconces, but replaces the simple arm with a textured branch arm. This provides a stronger visual representation and provides another focal point for these stunning fixtures. The use of the textured arm along with the natural pine cone cast creates a stunning combination that will surely impress upon your interior design.

As with all of Naytura's shaded sconces, the shades can be chosen to closely match the interior design of your project.
